

MONARCH

FACILITY MANAGEMENT

Is your investment property proactively being maintained?

We specialise in technical inspections & provide a 6 monthly in-depth report of all the obvious & hidden defects of your property.

We further provide you with a regular preventative maintenance service to reduce costly breakdowns & ensure all aspects of your property is kept in a perfect working condition.

Why wait until something break?

Be proactive & let us maintain your property from a technical point of view.

... prevention is better than cure
